JOE'S CORNER...

“All great changes are preceded by chaos.” Deepak Chopra. Six years ago the management of the credit union used this phrase in preparation of some very big changes on the horizon. Shortly after this, our credit union transformed into the current multi-faceted financial institution that we are today. The changes were a new credit union name, a new website, a new home banking system, a new mobile banking application, a new telephone access system....just to name a few. These changes were painful; but you, the member, were very tolerant. Thank you in advance for your tolerance when we provide you with a new website, a new home banking system, a new mobile banking system, a new telephone access system....just to name a few. Take a look on the back of this newsletter at the many exciting changes headed your way. We understand that change is well received and are happy to bring it to you like a tsunami.
