JOE'S CORNER...

Your Local Protection.

If you have been following the credit union on Facebook, you will see that several construction trade locals are fighting to keep benefits during their negotiations which have forced them to the picket line. We have stood by our Locals with strong Facebook communication and even walking the picket line with them. This type of support is minimal compared to the benefits of Your Local Protection. Since 1949, The Local Credit Union has seen work stoppages, including strikes. Our support to members with loans and members with direct deposit (net pay) is second to none. If you are not a loan member or direct deposit (net pay) member, contact us today. We can explain the support you will receive from Your Local Protection in the event of a work stoppage. Don't wait. Have a great summer!
