HOLIDAY CLOSINGS:

Monday, September 1
Labor Day

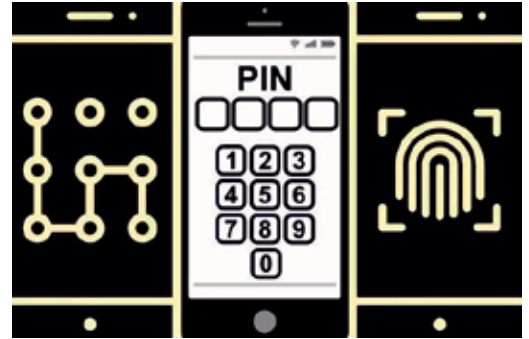

As we roll through the summer months, many of us reflect on how good life is when we are sipping our Hoop Tea on our front porch. Life is good, especially when we take care of ourselves.

**Here is advice from
THE LOCAL
that concerns your safety.**

We have discovered something alarming in the past few months.

Many of you reading this do not have a passcode or biometrics security set up on your cell phone. This is a major security risk and affects your safety. Smartphones contain a treasure trove of personal information including family contacts/pictures, emails, and social media data, not to mention financial transactions.

Even if the latter does not apply to you, your smart phone needs to be locked. There have been several instances of identity theft and impersonation scam attempts because of unauthorized access to an unlocked cell phone. **Play it safe and protect yourself and your family, lock your phone. Life is Good!**
